COURT NOTES

After a search extending over four and a half years, Knox county officials on Thursday afternoon located William Blubaugh, aged 33 years, wanted here on a charge of non-support.

Blubaugh was arrested at Buffalo, N. Y., upon a tip obtained by Sheriff B. H. Lytle and telephoned to the police department of that city. Sheriff Lytle will leave for Buffalo tonight and will bring Blubaugh back to Knox county. Extradition papers will be obtained by the sheriff.

Blubaugh was indicted by the Knox county grand jury in April 1918, on a charge of non-support of wife and five minor children. He left Mt. Vernon about that time and since then has been in nearly every state in the union, it is claimed. Some weeks ago Blubaugh is said to have visited his former home near Buckeye City. Sheriff Lytle was on the scene shortly afterwards, but Blubaugh had made a get away. Sheriff Lytle has been working constantly on the case and a day or so ago received a tip that Blubaugh was in Buffalo. He informed the police department and Thursday afternoon a message came to Sheriff Lytle that Blubaugh was under arrest.

Some years ago ex-Sheriff Mosholder made a trip after Blubaugh but was unable to locate him. Sheriff Lytle also made several trips before he was successful in locating his man.

Answer Is Filed.
In the case of The Ohio Fuel Supply company vs. Minnie Severns Long et al., an answer has been filed in the Knox county common pleas court in which the defendants are asking for a reformation of contract. The defendants also ask that the plaintiff be enjoined from operating under the present lease. Walter G. Harris is the attorney for the defendants.

Sheriff B. H. Lytle will leave probably Monday night for Buffalo, N. Y., to bring back to Mt. Vernon William Blubaugh wanted here on a charge of non-support of wife and five minor children.

Prosecuting Attorney Ashbaugh was in Columbus Friday afternoon and arranged for the extradition papers at the office of Governor Harry L. Davis. The extradition papers will be sent on to Buffalo and are expected to reach the governor of New York on or about Monday.

Prosecutor Ashbaugh stated this morning he was of the opinion Blubaugh would resist any effort being made to bring him back to Mt. Vernon. The prosecutor is of the opinion that Blubaugh will apply for a writ of habeas corpus. However, Sheriff Lytle will go to Buffalo prepared for any emergency.

Prosecutor Ashbaugh stated today that Blubaugh was convicted of forgery in Knox county some years ago and was given a suspended sentence by the court.

Not a Fair Official

Editor Banner:

Many inquiries having been made of me concerning the recent fair, I find that many persons are under the false impression that I am still an official of the fair board.

To correct this impression, I desire to say that my term as a director expired Dec. 31, 1921, and that I had no official connection whatsoever with the 1922 fair.

ROBBERIES OCCUR AT THREE HOMES

Three Residents In Knox Co. Robbed While Occupants Are Attending Fair

Three farm residences in various sections of Knox county were robbed Thursday, according to reports made to Sheriff B. H. Lytle Friday morning. Sometime Thursday morning after 10:30, robbers visited the home of James and George Beene in Morris township, on the upper Fredericktown road, and stole \$65 to \$75 in money. The robbers used a pass key to enter the house.

At the home of Marvin Purdy on the new Delaware road the robbers stole \$50 in war savings stamps, some \$10 or \$12 in change and a new revolver. The robbers took the stamps from an envelope, leaving the envelope. They ransacked the house, tearing up the bed clothing in an effort to find money. The Purdy home was robbed about one year ago.

The home of George Keyes, near Bangs, was entered sometime Thursday afternoon. The robbers obtained some small change, but nothing else was missing.

At the three homes visited by the robbers, the occupants were away attending the Knox county fair.

At the Keyes home the robbers broke a window in gaining an entrance. At the Purdy home a pass key was used.

KNOX CO. NEWS

Martha L., owned by Pitkin and Beeman of this city, won the 2:10 pace at Blanchester, Ohio, yesterday afternoon. Martha L. won three out of five heats and captured a purse of \$300. Her best time was 2:18.

It remains only to write the final chapter on the 1922 Knox County Fair. The play is ended and the curtain has been rung down, and the crowds have scattered, each one going his own way, whither he will.

Save for the element of weather and its effect upon attendance, the 1922 fair was successful. The number of exhibits in all the departments was larger than at any fair held here in recent years.

Without the attraction of the races on the closing day, the attendance at the fair was large. It was, in fact, considerably larger than it might reasonably have been expected to be in

view of the abandonment of the race program and the counter attraction of the Hagenbeck-Wallace circus.

The interruption in the racing, however disappointing that may have been, gave the opportunity to many to inspect the Fair leisurely and to observe and take note of the character of the exhibits.

During the afternoon many glances were directed toward the race track and words of regret and disappointment were spoken because of the abandonment of the race program, which has been given. During the afternoon showers threatened several times but no rain of any consequence fell.

Throughout the Fair one of the busiest and best appreciated centers of activity were the Red Cross tents. Whoever visited the Fair failed not at some time to stop here and to look in upon what was being done.

From the first to the last day the Health tent was a popular institution both with the kiddies and with their parents.

Here the children came or were brought for inspection, for weighing and for measuring. There were 259 of the youngsters, of whom more than 50 were babes in arms. The parents were given advice and instruction as to feeding by the nurse in charge. While no record was made not a small number of children were found under weight, some but slightly and others considerably.

Much literature was given out to those making request and seeking information and instruction in child welfare.

In the nursery tent some 60 babies found temporary quarters and care while their mothers visited the Fair. The largest number of babies received in any one day was 45 on Thursday.

In the baggage tent many articles, baskets and bags were left for safe keeping. The total of 75 checks does not begin to represent the total number of articles left.

During the three days of the Fair a total of 2,500 sanitary drinking cups were given out. Many more could have been issued save for the failure of the available supply.

First aid was given in several cases of minor accidents and mishaps.

When the closing signal was given the crowds of exhibitors made haste to gather together their belongings and to hasten to their homes where they might calculate exactly the amount of the premium winnings, if any.
